

"Endeavors of SP Smart Schools are based on these Golden Thoughts"

Lines Written by the Founder of SP Smart Schools Six Decades Ago

Since my childhood, I was much affected by
I would always think to eliminate the pains and sufferings of human beings
I had quite faith in God. So, sometimes, I thought to leave this earthly
engagements and search God. But certain revelation guided me that

Service of humanity is direct path to God.

I Sought ways to serve...

SP SMART HYBRID SCHOOLING SYSTEM

FINELY INTEGRATED BRICK - MORTAR AND DIGITAL EDUCATION

THE STORY

Hybrid learning transformation is a catch-all phrase for the schools for changes required to succeed in this rapidly shifting education landscape. SP Smart School is the first school to offer an innovative hybrid technology education that has transformed the lives of many children and will continue to do so in the coming years. SP smart hybrid schooling system by ESPA Learn Pvt Ltd.

is a result-oriented system wherein a student not only gets time to study but also has time to get involved in other curricular activities, such as sports or arts. SP smart hybrid schooling system has revolutionized the entire education sector.

Admittedly, hybrid learning has become the talk of the nation since Prime Minister Mr. Narendra Modi addressed in the high-level meeting to review the National Education Policy. He stressed saying that technology needs to be balanced and that a hybrid system is a combination of both online & offline should be developed. This new reform educational policy will usher great scope for schools to upgrade their learning system and allow a child undergoing massive learning opportunities to build his amazing future life. SP Smart School has already adopted hybrid learning and let us see how this school from Jammu has transformed its journey from being a mediocre school to implementing a hybrid schooling

system resulting in huge positive results for its students.

For starters, on Tuesday, March 24, 2020, Prime Minister Narendra Modi called for a complete lockdown of the entire nation for 21 days to contain the COVID-19 pandemic; however, all schools were strained to shut down because of the nation lockdown, which had a significant impact on education.

Moreover, Metropolitan cities integrated online learning swimmingly and provided high-quality education due to the availability of the internet and access to technology. That said, backwoods, in particular, Jammu suffered a severe setback as their paramount need of having internet was out of the radar, and due to the pandemic, it was afflicted. First

and foremost, Jammu had a 2G cellular network which was not efficient enough to carry out online classes. The second reason for jittering was that there were not enough gadgets, tools, and resources to function either.

Furthermore, when the nation went into a lockdown the next day, Mr. Shivang Satya Gupta, the CEO of SP Smart School burned the midnight oil and called a rendezvous with his team, and ordered the procurement of the necessary gadgets and materials to conduct online classes. Everyone chimed in with

SP SMART HYBRID SCHOOLING SYSTEM

FINELY INTEGRATED BRICK - MORTAR AND DIGITAL EDUCATION

their ideas: some recommended using Zoom to hold online classes, while others advocated using video lectures; nonetheless, the underlying worry was inefficient internet access.

Consequently, SP Smart School's first approach to

online learning was through a popular text messaging app (group learning) because it was the most fundamental and easy technology that everyone was familiar with. The school was set for its maiden live online session but that wasn't enough, to begin with, seemed a good bet. Later what surprised us was that the rest schools were opting for a free version of a famous video meeting app that lacked basic fundamentals like recording, and monitoring dashboard, and had a limited time limit i.e. 40 minutes per class. Whereas SP Smart School believes in delivering deep-rooted, high-caliber education and opted for paid enterprise edition which addresses all core problems. For SP Smart School, monitoring the students and teachers is the utmost priority.

Additionally, while the rest of the schools and society were arguing about online learning modules and their ill effects; whereas, SP Smart School considered this an eye-opening in the education system because everyone's accountability was validated and tested. Not only students' accountability was rigorously reviewed but also teachers' accountability was highly scrutinized. Therefore, it had packed a punch in the schooling system, and thereafter the meaning of hybrid was decoded.

Slowly and steadily, the hybrid system was getting into its movement, and soon SP SMART HYBRID SCHOOLING SYSTEM evolved. The features of the hybrid course are suited to the learning format, whether in-person or online. SP smart hybrid schooling system is a proactive hybrid system designed for students to excel in their careers by providing a systematic, result-oriented module so that they get a lot of time to self-study, giving students around 1500+ hours of self-study under expert teachers' guidance.

It is a learning model that integrates several components (online and/or offline) to provide the best possible mix for learners. This method

and assists in tailoring training sessions so that they complement one another and produce a better and more effective learning environment.

Notably, students, academic performance was positively amplified. Average students were now performing better and securing incredible results which were incredulous. The hybrid system indeed facilitated our students to skyrocket their grades and proved to be a result-oriented system.

SP Smart Hybrid School System adopted by SP Smart School creates a long tail value for learners by delivering profound quality education and it has an intense deep understanding of the education that India needs today.

ADMISSION PROCEDURE IN SP SMART SCHOOLS

Steps for Admission Procedure:

- 1) REGISTRATION PROCESS:** First step in admission process is 'Registration' of your ward for the admission process. The parent is required to fill in the form for registration on school website www.spsmartschools.com/admissions. The parent need to bring in required documents like marks card of last class, aadhaar card, RR Card (in case of admission to class 10th, 11th & 12th).
- 2) ADMISSION ENTRANCE TEST:** After the registration of the ward is complete. A date for admission entrance test is provided to student along with the syllabus for the test. A student need to appear in the test on the provided date.
- 3) RESULT ANNOUNCED:** Result of the admission entrance test is done 2-3 days from the date of test. The result of the test is displayed at campus where the test is conducted. Eligible students are informed about their result in the test.
- 4) INTERACTION OF STUDENT:** After the result of the entrance test is conducted, the eligible candidates are informed and are called for interaction with the admission executives.
- 5) OFFER LETTER FOR ADMISSION ISSUED:** After the entrance exam and interaction with the student is completed, an offer letter is issued to the student to take admission in the school.
- 6) PARENT APPROACHES WITH OFFER LETTER:** In this step, parents approach school front office with offer letter for admission of his/her ward in the school.
- 7) PROVISIONAL / ADMISSION FORM IS FILLED:** After the issuance of offer letter for admission, the admission executives fill up the form of student to enroll student provisionally to the school. All details are filled in the form after confirming from the documents of students.
- 8) PARENT COMPLETES DOCUMENTATION:** In this step, parent completes the documentation of the student like Transfer certificate from previous school, Migration certificate (In case of shifting from CBSE), Marks card etc. If any document is remains pending, the admission is considered provisional and gets confirmed only on the submission of all the documents. Note: School is not responsible if JKBOSE takes any action against student because of the absence of any document to be provided by parents of the ward.
- 9) PARENT DEPOSITS FEE CHARGES:** After the filling up of form and submission of the documents, parents need to deposit fees and charges as per the fee information slip provided.
- 10) ADMISSION IS CONFIRMED:** Admission is deemed to be confirmed only if all the required documents are deposited to the school until the admission is deemed to be provisional only.

TERMS AND CONDITIONS OF SP SMART SCHOOLS

- The students who are enrolled with inst. will have to work hard regularly. In case, if the teachers feel that the student is not working hard, creating indiscipline in the class, school bus, irregular in attendance, not responding properly, he/she may be expelled from the school. The decision of the Head of the school in this regard will be final and binding on the student. No fee or part of the fee will be refunded in any case.
- If any student absents himself/herself for more than six days continuously without any prior written application. He/she will not be allowed to appear in the class tests and will not be given any test paper(s) and CCE exam, he/she may be deemed to be expelled from the school. No separate intimation will be sent to the parents. No fee or part of the fee paid will be refunded in such cases. The decision of the CEO in this regard will be final and binding on students and parents.
- After depositing money towards registration, if a student becomes disinterested in the inst. Due to any reason whatsoever and wants to take his/her money back, the school will not refund the money deposited towards registration/admission fee/Tuition fee.
